*46.5" Classic Studio Upright
with Nickel Silver Hardware*

EU118S

46.5" Classic Studio Upright Piano

The new 46.5" EU118S offers a contemporary look to a traditional studio piano. The silver colored hardware, pedals and casters give this model a fresh, clean and attractive style. All of Pearl River's quality materials and processes are found throughout the piano, including vertically laminated bridges for durability and crown retention, a responsive action allowing for a broad dynamic range, and quality hardwoods used throughout the pianos's 8,000 moving parts.

The Pearl River Piano Group Ltd. was established in 1956 and has rapidly grown to become one of the world's leading piano manufacturers. Today with nearly 4,000 employees and over 3 million square feet of production space, Pearl River has the capacity to manufacture over 100,000 pianos per year.

Pearl River is proud to be the first piano factory in China to be awarded the ISO 9001 Certification for Quality Control Systems and was also recently awarded ISO 14001 for Environmental Management System Compliance.
